

31Down radio theater's THE SCREAM CONTEST
an audience participation screaming event

contact: Ryan Holsopple info@31down.org

Tech Needs (as of 11/2009):

Personnel

31Down provides one actor and one coordinator
Accompanying band (usually bass/drums) will be picked by 31down

Screen:

Provided by 31 Down

Sound:

--2 channel sound system:

2 channels left and right (main speakers) to a PA system

House speakers are fine. If more channels available, we would like to use more

--One sound operator, to control the live mix

--If not in a space with a house sound system, at least two powered speakers would work:

2 x Mackie SRM450

--Microphones Provided by 31 Down

Lights:

Practical lighting (provided by 31 Down)

4 channel dimmer pack (provided by 31 Down)

DMX dimmer controller (provided by 31 Down)

Weather: If The Scream Contest is to play outside, a tent, shed or temporary shelter must be provided.

Power

AC power is needed where our stage setup is.

Ideally on two separate circuits, sound/lights. 15 amp each
